FRONTLOAD: "THIS IS A manmade target which has been worked by some of the other vicuera. IT has a great deal of importance. I would caution YOU to watch out for Keyholing/DoorKnobbing since there is a great deal of AI involved with this target.. move from the general to the specific. I will attempt to move you away from irrelevant AI if I detect from your reporting that you have locked on to something not related to the mission."

- * Some limited heater noise. Temperature outside hovering at just above freezing.
- ** Monday following 4-day Thanksgiving Holiday??!!
- *** Some trouble reaching sanctuary, "Popping in and out

NOTES:

- ① NO INCLEMENCIES STATED OR KNOWN.
- ② Hard weekend from a bout of incapacitating sinus pain.
- ③ Some relief from visit of son (picked up car) and relaxation of some health/weight standards.

[REDACTED]

- ★ WIDE, FLAT AREA, THINGS SITTING AROUND
- THINGS
- ★ LIKE little machines, area is flat, seems hilly around it. This place may be in the hills.
- IN THE HILLS
- ★ A FLAT PLACE IN THE HILLS, SOME KIND OF ROUNDNESS,
- TELL ME ABOUT THE ROUNDNESS
- ★ VERTICLE, ROUND, SOME KIND OF GRILL WORK, SOME KIND OF PATTERN THAT LOOKS LIKE GRILL WORK.. LITTLE THINGS SITTING AROUND. I GET THE FEELING THEY'RE UTILITY THINGS
- UTILITY THINGS
- ★ LIKE MAYBE TOOLS OR GENERATORS OR THINGS LIKE THAT. SEEMS TO HAVE YELLOWISH CAST, THE ENTIRE AREA. GLIMPSES OF FLUTED DESIGN
- FLUTED DESIGN DESCRIBE
- ★ TWO CONNECTED SCALLOPED EDGES, BUT NOW THAT IMAGE IS GONE. SOMETHING THICK, HARD, ROUND, YELLOW, INSIDE A BIGGER THING -
- REMAIN THERE, FOCUS YOUR ATTENTION, CONTINUE TO DESCRIBE
- ★ LIKE REFLECTIONS, OR LAYERS INSIDE ANOTHER, INSIDE ANOTHER. SILVERISH LOOKING, BRIGHT LIGHT UP ABOVE.

→ DESCRIBE YOUR LOCATION

★ inside something, quiet, looks domed overhead. Things in an arrangement on the floor of this area. Places where holes go further down.

→ DESCRIBE THESE THINGS

★ ODD shapes, hard, shapes & arrangement reminds me of inside of watch.

→ NO COMPARISON, JUST DESCRIBE

★ Things seem connected, flat sided, almost in layers, different angles, some kinda motion, very slight motion,

→ continue to describe these objects

★ I'M SEEING SOMETHING ELSE - like a mechanical arm going off in the distance.

→ DESCRIBE IT

★ Big, round, long, mechanical, a lot of surface detail. Felt like it was made up of solid parts. Seems like its under this dome.

→ continue to describe the other things

★ Pointed, sticking up at angles. crowded together. Mechanical, keep getting a sensation of really strange shapes associated with the things

→ Tell me about these shapes

★ Specialized shapes like in clockwork (Note: ADL AGAIN)

- Activity
- ★ Some movement back and forth.
- Place your back to a wall. Nine O'clock Describe
- ★ Hills, really rugged hills
- STOP, BACK inside dome structure
- ★ BACK inside dome structure - Seems really small
- Place your back to one of the walls - Nine O'clock
- ★ curving around, hole ~~at~~ going down
- Hole going down
- ★ Nothing there just a hole.
- 1000
- ★ levers, gears, ramps, curves, odd shapes, little bitty movement
- 1100
- ★ other wall, bright yellow, kinda cold, like catches,
- 1200
- ★ Some kinda ramp, curving ramp, keep popping back outside again. This dome thing is in a big long black-shape, ugly looking thing, looks big & heavy FEELS sinister to me.
- Sinister FEEL, lets examine
- ★ Scale

★ (continued)

★ CAST METAC, noisy,

→ INSIDE DOME, 1300

★ Something green, tilted, white, upright, lines going off in the distance, black, white, green, something blue, plastic looking, lines going across, AOL wires.

→ 1400

★ BLACK Thing sticking out, see under, some kind of light under it

→ Black Thing

★ Big, sticking out, crossways, squarish, odd shape, funny kinda green on top

→ 1500

★ Big green patch, yellow green, not a shape more like a blob

→ Perceive all the components as one. Describe the function

★ Control movement, really intricate, like too many pieces, rube goldberg type thing. Keep coming back to the green for some reason. Another kinda green, like velvet surface, no definite shape.. Sharp edges, this get impression this is place for looking into to see things work inside -- observation window. Visual of some kinda of pin

→ Locate some in charge. Does this person have time for us.. (Yes) show us a picture of this facility in the

★ Like Approved For Release 2000/08/08 : CIA-RDP96-00789R000100530008-5 on top

(continue)

- ★ With something sticking up, a joint, vertical/horizontal parts in different places, pivot point important. Maybe weak point
- Ask this person to describe the functions of the other things in the dome structure
- ★ Its all one. Extreme accuracy. Something that looks like a contour map. Rough surface. Completely mechanical.
- Describe your perceptions when this facility is being used - move back/forward
- ★ Dark, forest fire, a house fire, a fire glowing in the dark. Seems to be in the past. Forest fire keeps coming up.
- Describe this thing you call a forest fire
- ★ Little areas of light looks like fire, swirling, making up a big area. Some kinda noise, seems to be people
- Activity
- ★ Running around, back & forth, yelling, scared
- Move forward to another time when this facility is being used
- ★ Something big, leaning, AOL of a howitzer
- Back inside the dome describe its use
- ★ Think its for movement, accuracy,

- outside the dome, briefly scan the entire area.
- ★ Metal, dark metal, cast iron
- describe this object
- ★ solid, thick, big, irregular shape, ugly looking
- continue to scan
- ★ Some kinda pink or red flakier, not pink, red & white stripes mixed together
- continue to scan
- ★ Some kinda bubble
- describe its location
- ★ on the side of something, plastic look, frosted clear,
- INSIDE
- ★ like a pilots room, a person with a helmet, visor, controls, lots of machinery, person is strapped in.
- continue to scan, ~~the~~ ~~other~~
- ★ a real jumble of irregular shapes, intricate, all connected to each other but no real pattern.
- continue
- ★ Some kinda black area with red in it. splotches,
- tell me about this black area, Red Spots

- ★ It's just dark, red splotches are strung out irregular
- Your location
- ★ I have just moved, I'm above some sort of surface, rounded, ugly shape.
- Other activity
- ★ none that I can find.
- The dome. Its location relevant to the entire site
- ★ on top part of one side, rounded surface, maybe real small, strange shaped., maybe toward 3/4 way on one end.
- Inside small dome
- ★ just machines, gears, whirly gizs
- Holes going down
- ★ Just places where there are no machinery
- Inside the holes
- ★ more machinery - like an endless maze of little pieces
- Follow the maze, describe
- ★ a metal wall, it just stops, yellowish
- The machinery describe
- ★ Gears and levers, odd shaped, cams, ramps, hooks tabs.

- outside - pause momentarily
- * follow each grass - The feeling of movement, big, leaves an impression when it moves. Keep looking at it from different angles. always really strange shape. Gangly bulges, unbalanced look.
- pull back now to your sanctuary - Pause and relax
